Matters to be reported

1. Business report of fiscal year 2019
Both the business report and the financial statements of fiscal year 2019 are hereby presented (please refer to Attachment 1 for details). Please examine. To be reported by the President.
2. The Audit Committee's review report on 2019 financial statements
The Audit Committee's review report is hereby presented (please refer to Attachment 3 for details). Please examine.
3. Report of remuneration of employees and directors for fiscal year 2019
According to the Company's 2019 earnings audited by the certified public accountants, it is proposed to, in accordance with Article 22 of the Company's Articles of Incorporation, allot 1% of the balance to be the remuneration of directors, which is NT\$14,019,096 in total, and allot 2% of the balance to be the remuneration of employees, which is NT\$28,038,192 in total. The above amounts will all be paid in cash. The aforesaid ratios and amounts for allocation have been approved respectively by the Company's Compensation Committee and Board of Directors.
4. Report on distribution of cash dividends from the 2019 profits.
Based on the authorization of Article 240 of the Company Act and the Articles of Incorporation of the Company, the Board of Directors meeting held on March 12, 2020 has resolved to issue cash dividends amounting to NT\$398,000,019 for fiscal year 2019, at NT\$0.1 cash dividend per common share, and rounded to the whole New Taiwan dollar (the part below one New Taiwan dollar will be unconditionally discarded). Any fractional amount less than one New Taiwan dollar will be accounted in the Company's other income. The Chairman of the Board of Directors is authorized to modify the cash dividend per share distributable to shareholders based on the actual number of the outstanding shares in the Company as of the ex-dividend record date if such cash dividend is changed due to changes in the number of the outstanding shares in the Company arising from any event such as a share buyback by the Company.
5. Other matters to be reported
 - (1) Report of the merger with Mobile Magic Design Corporation
For the purpose of simplifying the organizational structure and creating group synergy, the Boards of Directors of the Company and its wholly owned subsidiary, Mobile Magic Design Corporation, approved the merger on July 26, 2019, respectively. The record date for the merger was scheduled for October 1, 2019. The Company is the surviving entity and Mobile Magic Design Corporation is the dissolved entity after the merger. The rights and obligations of the dissolving company are generally assumed by the Company. The Company has completed registration of change with the Central Taiwan Science Park Administration, Ministry of Science and Technology per approval letter No.Zhong-Shang-Zi-1090011125 dated May 29, 2020.
 - (2) Report on shareholdings of all directors
 - a. According to Article 26 of the Securities and Exchange Act and the Rules and Review Procedures for Share Ownership Ratios of Directors and Supervisors of Public Companies, the minimum combined shareholdings of all directors required should be 95,520,005 shares. The Company has set up an Audit Committee and thus the requirement on the minimum shareholdings of all supervisors is not applicable.
 - b. Please refer to Attachment 4 for the shareholding of each director and the shareholdings of all directors as of the record date for determining the shareholders eligible to attend this annual general shareholders meeting.
 - c. The aggregate shareholdings of all directors meet the minimum shareholding required by laws and regulations.
 - (3) During the period for accepting shareholders' proposals and nomination of director candidates, no shareholder submitted any written proposal or nomination to the Company for the 2020

annual general shareholders meeting in accordance with Article 172-1 and Article 192-1 of the Company Act.

Winbond Electronics Corporation
2019 Business Report

The global economic growth slowed down in 2019 amid U.S.-China trade war and rising geopolitical risk. The memory industry suffered as a result of slow inventory digestion and weaker than expected market demands. However, Winbond turned in a stable performance on the strength of diversified market deployment, good partnerships with customers, high value-added products and a flexible yet prudent capacity policy.

Financial Performance

In 2019, our consolidated revenue amounted to NT\$48.8 billion, down 5% in comparison with 2018. Memory and logic products made up respectively 79% and 21 % of total revenue. The consolidated gross margin was 27% and the operating margin was 3%. The Company recorded NT\$1.48 billion of consolidated net income after tax, down 81% from 2018. Earnings per share was NT\$0.32.

Market and Product Applications

In 2019, the revenue of our Code Storage Flash hit a record high, accounting for 51% of memory revenue and surpassing the DRAM revenue for the first time in the company's history. We have been diligently cultivating the Code Storage Flash market, provided high-quality and high-efficiency products to international clients with close partnership. We are the world's number 1 NOR Flash supplier, which contributes a major revenue stream and steady growth momentum for the Company. DRAM made up 49% of memory revenue. We are currently the world's top 5 own-brand DRAM supplier, focusing on R&D, production and sales of specialty DRAM. We have successfully positioned ourselves in a differentiated market with stable supply.

In terms of application, our products are evenly distributed among four major electronics product lines and we continue to optimize product mix. The weight of communication products as a percentage of memory revenue increased slightly to 30% in 2019, due to the booming mobile and networking market, while consumer products stayed at 28% of total revenue. The revenue of computer and peripheral products on the other hand dropped to 22% from 26% in the previous year, mainly due to decline in global PC shipment. Our high-quality products for automotive and industrial applications accounted for 20% of memory revenue.

Capacity planning

The production capacity of our fab at Central Taiwan Science Park (CTSP) has increased to 54,000 wafers per month in 2019. We will continue to increase the capacity at CTSP by using industry 4.0, smart manufacturing and flexible production in the hope to maximize output. We believe it will bring promising growth momentum to further lift Winbond's share and position in the memory market.

Technology Development and Manufacturing

We possess own memory process technology and embark on the development of innovative products to address future demands at Internet of Everything (IoE) and edge computing. For Code Storage Flash memory products, after having launched Low Power Flash, we furthermore released high-speed and high-quality SLC NAND Flash to broaden the scope of product application. For DRAM, we have developed a new generation of LPDDR4 with unique features of lower power, high bandwidth and better data transmission rate. We also make headway into low-pin-count and easy-to-design HyperRam, which markedly improves the efficiency of IoT terminal devices and human-machine interface devices, showing our commitment to green technology.

Our 25nm process has begun volume production in 2019. As we continue to invest in the development of advanced technology, we expect the 20nm DRAM process to enter scale production when it achieves satisfactory yield. It will set a solid foundation for Winbond's long-term growth and development. For Code Storage Flash products, we will continue to develop 45nm NOR Flash to accommodate demand of high density. We have always been relentlessly building up our R&D capability. We continue to enhance the technological competitiveness through strong core technology and value-added products.

Honors and Awards

We received several awards in quality certification and sustainable development in 2019. Winbond is the first

automotive memory manufacturer in Taiwan to obtain ISO 26262 – Road vehicles functional safety certified, thus enhancing reliability and safety of our automotive electronics products. We are a trustworthy partner of international automakers for our memory products.

In terms of sustainable development, Winbond won the Corporate Sustainability Report Gold Award in the 12th Taiwan Corporate Sustainability Awards (TCSA), which recognized Winbond's leadership and positive influence in corporate social responsibility and sustainable development.

Future Outlook

Under the robust development of new applications such as IoT, AI and 5G, technology innovation leads to applications in information security, smart cloud, terminal sensing and edge computing. Holding onto the beliefs in business continuity and environmental sustainability, Winbond develops low power consumption, securing and highly efficient products which offer clients the best solutions. Winbond also strives to create maximum value for shareholders, customers and employees alike and aspires to become a hidden champion in providing sustainable semiconductors to enrich human life and meets the expectations of society.

On behalf of the management team at Winbond, I would like to thank you for your continued support.

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Winbond Electronics Corporation

Opinion

We have audited the accompanying consolidated financial statements of Winbond Electronics Corporation (the "Company") and its subsidiaries (collectively referred as the "Group"), which comprise the consolidated balance sheets as of December 31, 2019 and 2018, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "consolidated financial statements").

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2019 and 2018, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2019. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Occurrence of Sales Revenues

There is a significant risk on revenue recognition, and customers' line of credit and delivery of products are highly correlated to recognition of sales revenue. We therefore considered that the occurrence of sales revenue from the twenty largest customers with changes in credit limits and temporary increase in credit limits in 2019 as a key audit matter for the year ended December 31, 2019. Refer to Note 4 to the consolidated financial statements for the Group's revenue recognition policies.

Our audit procedures in response to the validity of sales revenue included understanding the design and the implementation of internal control of sales revenue and selecting samples of revenue items to verify that revenue transactions have indeed occurred.

Other Matter

We have also audited the parent company only financial statements of the Company as of and for the years ended December 31, 2019 and 2018 on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committees, are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

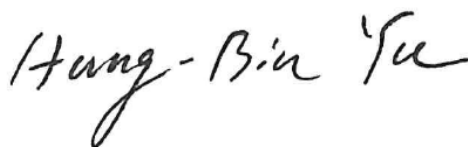

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2019 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Wen-Yea Shyu and Hung-Bin Yu.

Winbond Electronics Corporation (the "Company")
Procedures for Endorsements and Guarantees
(The " Procedures ")

I. PURPOSE

To soundly manage endorsements and guarantees for others by the Company and to protect the assets and credit of the Company, the Company stipulates these Procedures as a basis for the execution of endorsements and guarantees.

II. OBJECTIVE

Execution of matters relative to endorsements and guarantees made by the Company for others shall be governed by these Procedures. Any matter not provided for in these Procedures shall be governed by the related laws and regulations to effectively manage endorsements and guarantees and to comply with the Company's goal of steady operation.

III. CONTENTS

Article 1:

The "endorsements and/or guarantees" referred to in these Procedures include following:

- (1) Endorsements and/or guarantees in connection with financing facilities, including:
 1. Financing facilities in connection with discounts on customers' check;
 2. Endorsements and/or guarantees provided in connection with financing facilities for other companies; and
 3. Instruments issued to non-financial enterprises as security in connection with the financing facilities for the Company.
- (2) Endorsements and/or guarantees in connection with customs duty, which mean endorsements and/or guarantees made for the Company or other companies with respect to matters involving customs duty;
- (3) Other endorsements and/or guarantees, which cannot be categorized in items (1) and (2) as mentioned above; and
- (4) When the Company creates a pledge or mortgage on its chattel or real property as security for the loans of another company, the Procedures shall apply.

Article 2: Parties for whom the Company may provide endorsement/guarantee

- (1) The Company may provide endorsement/guarantee for the following:
 1. A company who has business relationship with the Company.
 2. A company in which the Company directly and indirectly owns more than fifty percent of the voting shares.
 3. A company that directly and indirectly owns more than fifty percent of the voting shares of the Company.

- (2) The companies in which the Company directly and indirectly owns ninety percent or more of voting shares may provide endorsement/guarantee for one another; provided that, the amount of endorsement/guarantee provided by the Company may not exceed ten percent of the net value shown on the Company's latest financial report; provided further that, the endorsement/guarantee provided by a company which is directly and indirectly wholly owned by the Company to another company which is also directly and indirectly wholly owned by the Company is not subject to the restriction provided in the immediately preceding proviso.
- (3) Where the Company fulfills its contractual obligations by providing mutual endorsement/guarantee for another company in the same industry or the collaborative builders for purposes of undertaking a construction project, or where all the shareholders make endorsement/guarantee for their jointly invested company in proportion to their shareholding percentages, such endorsement/guarantee may be exempted from the restrictions under the preceding two paragraphs.
- (4) The investment as mentioned in the preceding paragraph means investment directly made by the Company or made through a company in which the Company owns one hundred percent of the voting shares.

Article 3: Amount ceiling for endorsement/guarantee

- (1) The limit on the aggregate amount of endorsements and/or guarantees

Either the aggregate amount of endorsements and/or guarantees made by the Company itself, or the aggregate amount of endorsements and/or guarantees made by the Company and its subsidiaries together, shall not exceed fifty percent of the Company's net assets shown on the Company's latest financial report.

- (2) The limit on the total amount of endorsements and/or guarantees for any single entity
The total amount of endorsements and/or guarantees made by either the Company or the Company and its subsidiaries altogether for a single corporation shall not exceed twenty percent of the Company's net worth shown on the Company's latest financial report, or 1.5 times the net worth of such endorsee/guarantee company, whichever is lower.

If the Company engages in endorsements and/or guarantees because of its business relations, in addition to the aforesaid restriction, the aggregate amount of endorsements and/or guarantees provided by the Company to any single corporation shall not exceed the total trading amount between the Company and such endorsee/guarantee company in the most recent year. The trading amount referred to above means the higher of the total purchase amount or the total sales amount.

The restriction on the amount of endorsements/guarantees that the Company may provide to any single corporation and the restriction relating to the net worth of the endorsee/guarantee company need not apply to the Company's endorsements/guarantees for its 100%-owned subsidiaries.

- (3) Where the Company needs to exceed the limits set out in these Procedures to satisfy its business needs, it shall obtain approval from the board of directors and half or more of the directors shall act as joint guarantors against losses that may be caused to the Company by the excess endorsement and/or guarantee provided that the conditions set out in these Procedures are complied with. It shall also amend the operating procedures for endorsements and/or guarantees accordingly and submit the same to the shareholders' meeting for its ratification. If the shareholders' meeting does not approve, the Company shall adopt a plan to discharge the amount in excess within a given time limit. Where there are independent directors on the board, when the Company submits the operating

procedures for endorsements and/or guarantees to the board meetings for discussion in accordance with the above provisions, it shall take into full consideration each independent director's opinions, which shall be included in the minutes of the board meetings, regardless of whether it was assenting or dissenting opinion.

- (4) Where changes in circumstances of the Company result in that the entity for which the Company provides endorsement/guarantee ceases to be a qualified entity under Article 2 of these Procedures, or the amount endorsed/guaranteed exceeds the ceiling due to changes in the calculation base for the ceiling, the Company shall adopt rectification plans, submit the relevant rectification plans to the independent directors and the audit committee and complete the rectification on schedule.

Article 4: Corporate Chops for Endorsements and Guarantees

The Company shall use the corporate chop registered with the Ministry of Economic Affairs as the dedicated chop for endorsements and/or guarantees.

When making a guarantee for a foreign company, the Company shall have the Guarantee Agreement signed by a person authorized by the board of directors.

Article 5: Custody of Corporate Seals and Notes for Endorsements and Guarantees

The corporate seals and notes for endorsements and/or guarantees shall be kept in the custody of a designated person (the "Custodian") approved by the board of directors and may be used to seal or issue negotiable instruments only in prescribed procedures. The Company shall submit the Custodian of the seals for endorsements and/or guarantees to and for approval by the board of directors. The same shall apply to any amendments to the Regulations.

Article 6: Operation Procedures of Making Endorsements and Guarantees and Review Process

Before making an endorsement or guarantee for others, the Company shall carefully evaluate whether the endorsement or guarantee is in compliance with the Regulations Governing Loaning of Funds and Making of Endorsements and/or Guarantees by Public Companies promulgated by the securities regulator and handle and review the following matters in accordance with these Procedures.

- (1) The guarantee company shall provide detailed financial information to the Finance Division of the Company.
- (2) The Finance Division shall prepare a report specifically stating the financial information of the guarantee company, examining the necessity and reasonableness of endorsements and/or guarantees, credit status and risk assessment of the entity for which the endorsement and/or guarantee is made and the impact on the Company's operational risks, financial condition and shareholders' equity. Such report shall be submitted to the chairman of the board of directors for approval.
- (3) If necessary, the ceiling on the amount of endorsements and/or guarantees proposed to be decided by the board of directors may be decided by the chairman of the board of directors provided the amount is within ten percent of the Company's net worth shown on the Company's latest financial report and then be reported to the upcoming board of directors for ratification. Where there are independent directors in the board, when making an endorsement or guarantee for others, the Company shall take into full consideration each independent director's opinions, which shall be included in the

minutes of the board meetings, regardless of whether it was assenting or dissenting opinion.

- (4) The chairman of the board of directors may approve the endorsement and/or guarantee made for the guarantee company within the ceiling decided by the board of directors and refer to the Finance Division for execution.
- (5) The endorsement and/or guarantee may be made by the Finance Division after receiving the guarantee notes of the same term and same amount and collaterals where necessary. Appraisal of the collateral shall be done carefully by the Finance Division. However, where the subsidiaries are one hundred percent invested directly and indirectly by the Company, receipt of guarantee notes and collaterals can exempt.
- (6) The Finance Division shall periodically prepare and report the statement of details of guarantees for the purpose of controlling and monitoring the financial conditions and usage of fund of the guarantee company. Should any significant change regarding the aforementioned matters arise, the Finance Division shall immediately report to the chairman of the board of directors and appropriate measures shall be taken in accordance with the instructions.
- (7) The Finance Division shall prepare a memorandum book and truthfully record the following information: entities for which the approved endorsements and/or guarantees are made, amount, date of approval by the board of directors or the chairman of the board of directors, endorsement and/or guarantee date, and matters to be carefully evaluated under paragraph (2) of this Article.
- (8) Prior approval of the Company's board of directors is required to provide endorsement/guarantee for the subsidiaries that the Company directly and indirectly owns ninety percent or more of the shares pursuant to Paragraph (2) of Article 2; provided that, the endorsement/guarantee provided by a company which is directly and indirectly wholly owned by the Company for another company which is also directly and indirectly wholly owned by the Company is not subject to the restriction provided above in this paragraph.
- (9) The Finance Division shall examine the net worth of the company for which the Company provides endorsement/guarantee at the end of each month. If the net worth of such company is lower than 1/2 of its paid-in capital, the Finance Division shall prepare a valuation report and submit such report to the chairman in order to determine whether to continue to provide endorsement/guarantee to such company. If the Company will continue to provide endorsement/guarantee for such company, the Finance Division shall obtain a negotiable instrument guaranteed by another person with the issuing amount equivalent to the amount of endorsement/guarantee or other security; provided that, no guaranteed negotiable instrument or security is required if the company for which the Company provides the endorsement/guarantee is directly and indirectly wholly owned by the Company.
- (10) In the case of a subsidiary with shares having no par value or a par value other than NT\$10, the paid-in capital calculation pursuant to Paragraph 9 of this Article shall be the share capital plus premium for issuance of shares above par value.

Material endorsement or provision of guarantee by the Company shall be approved by at least one half of all audit committee members and submitted to the Board of Directors for resolution. If approval of the majority of all audit committee members is not obtained, such fund loaning may be implemented if approved by more than two-thirds of all directors, and the resolution of the audit committee shall be recorded in the meeting minutes of the Board of Directors. The terms "all audit committee members" in paragraph 3 and "all directors" in

this paragraph shall be counted as the actual number of persons currently holding those positions.

Article 7: Renewal of Endorsements and/or Guarantees

Renewal of endorsements and/or guarantees shall be in accordance with Article 6.

Article 8: Cancellation of Endorsement and Guarantee Record

When the extinguishment of endorsements and/or guarantees is asked by the guarantee company or the Company, the Finance Division shall process it in accordance with the following procedures:

- (1) It shall be confirmed that the guarantee company has cancelled the record of the liability of guarantee.
- (2) A copy of cancellation of the guarantee notes by the guarantee company shall be obtained.

Article 9: Internal Audit

The Company's internal auditors shall at least quarterly audit these Procedures and the implementation thereof and prepare written records accordingly. They shall promptly notify the independent directors the audit committee in writing of any material violation found.

Article 10: Procedures of Announcement and Report

- (1) The Company shall announce and report the previous month's balance of endorsements and/or guarantees of itself and its subsidiaries by the 10th day of each month.
- (2) If the balance of endorsement/guarantee reaches any of the following thresholds, the Company shall announce and report within two days from the date of occurrence. The date of occurrence referred to above means the date of execution of the contract, date of payment, date of board resolutions, or other dates that may confirm the guaranteed/endorsed party and the monetary amount of the guarantee/endorsement, whichever date is earlier.
 1. The balance of endorsement/guarantee of the Company and its subsidiaries reaches fifty percent or more of the net worth of the Company as stated in its latest financial statement.
 2. The balance of endorsement/guarantee of the Company and its subsidiaries provided for a single entity reaches twenty percent or more of the net worth of the Company as stated in its latest financial statement.
 3. The balance of endorsement/guarantee of the Company and its subsidiaries provided for a single entity reaches NTD 10 million or more, and the aggregate balance of endorsement/guarantee provided for, the book value of investments under the equity method in and funds lending to, such entity reaches thirty percent or more of the net worth of the Company as stated in its latest financial

statements.

4. The amount of new endorsement/guarantee provided by the Company or its subsidiaries reaches NTD 30 million and reaches five percent of the net worth of the Company as stated in its latest financial statement.
- (3) Where any subsidiary of the Company is not a domestic public offering company, the Company shall make the required announcement and report on behalf of such subsidiary if the situation prescribed in the preceding Item 4 occurs.
- (4) The Company shall evaluate or record the contingent loss for endorsements and/or guarantees and shall adequately disclose information on endorsements and/or guarantees in its financial reports and provide relevant information to the certified public accountants for them to carry out necessary audit procedures.
- (5) "Net worth" as set forth in these Procedures means the equity attributable to owners of the parent company on the balance sheet under the Regulations Governing the Preparation of Financial Reports by Securities Issuers.
- (6) "Subsidiary" and "parent company" as set forth in these Procedures shall be determined as per the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Article 11: Penalty

In order to prevent managers or personnel in charge from taking advantage of their offices to engage in illegal endorsements and/or guarantees, when managers or personnel in charge violate these Procedures or the related laws and regulations, the Human Resource Department shall make a proposal for penalty to be approved by the responsible supervisor according to the seriousness of such violation based on the evidence provided by the division in charge or audit division. Penalty imposed on managers shall be submitted to the compensation committee and the board of directors for resolution.

In the event of unrecoverable losses incurred from violation of these Procedures or the related laws and regulations with intent or by negligence, suspension may be imposed on personnel in charge after being approved by the responsible supervisor.

The aforementioned managers shall mean the ones set up in accordance with the ruling issued by the Securities and Futures Commission dated March 27, 2003 (Ref. No.: Tai-Tsai-Jen-(3)-0920001301) and the aforementioned personnel in charge shall mean personnel involved and relevant supervisors in charge of review and approval of execution.

Article 12: Control procedure to subsidiaries in providing endorsement /guarantee

The Company shall require all of its subsidiaries to formulate their own Procedures for Endorsement and Guarantee in accordance with the Regulations Governing Lending Funds and Providing Endorsement and Guarantee by Public Offering Companies promulgated by the competent authorities and the Procedures for Endorsement and Guarantee of the Company. Any endorsement/guarantee provided by the subsidiaries shall comply with their own Procedures for Endorsement and Guarantee, and the internal audit department of the Company shall be responsible for reviewing all self-assessment reports prepared by all

subsidiaries.

IV. VALIDATION AND AMENDMENTS

These Procedures shall be approved by at least one half of all the audit committee members and then submitted to the Board of Directors for resolution. After approved by the Board of Directors, these Procedures shall be submitted to the shareholders' meeting for approval. Where any director expresses dissent and it is contained in the minutes or a written statement, the Company shall submit the dissenting opinions to the audit committee and for discussion by the shareholders' meeting. The same shall apply to any amendments to the Procedures. When the Procedures are submitted by the Company to the Board of Directors for discussion in accordance with relevant rules, the Board of Directors shall take into full consideration each independent director's opinions; any dissent from or qualification by the independent directors (if any) shall be included in the minutes of the Board of Directors' meetings.

If approval of the majority of all audit committee members as required in the preceding paragraph is not obtained, the Procedures or any amendment hereto may be implemented if approved by more than two-thirds of all directors, and the resolution of the audit committee shall be recorded in the meeting minutes of the Board of Directors. The terms "all audit committee members" and "all directors" in this paragraph shall be counted as the actual number of persons currently holding those positions.
